OBSTACLE	This will involve following a course along, over, under a variety of obstacles, including straw bales, tyres and inflatable. A full course walk will be given before each group attempts the course. All rules will be explained to all participants. There will an opt out channel for every obstacle so that children can bypass the challenge if they choose to do so.
KICK ROUNDERS	This will take place on the hockey astro turf where two pitches will be set up. All equipment will be provided.
END BALL	This will take place on the football 3G where playing areas will be set up. All equipment will be provided.
ORIENTEERING	This will take place on the grass areas behind the hockey / 3G astroturf. Students will select a course to complete using the electronic dibbes and maps. Each course will involve solving various numeracy problems. These are suitable for KS2 and KS1 students. All equipment will be provided

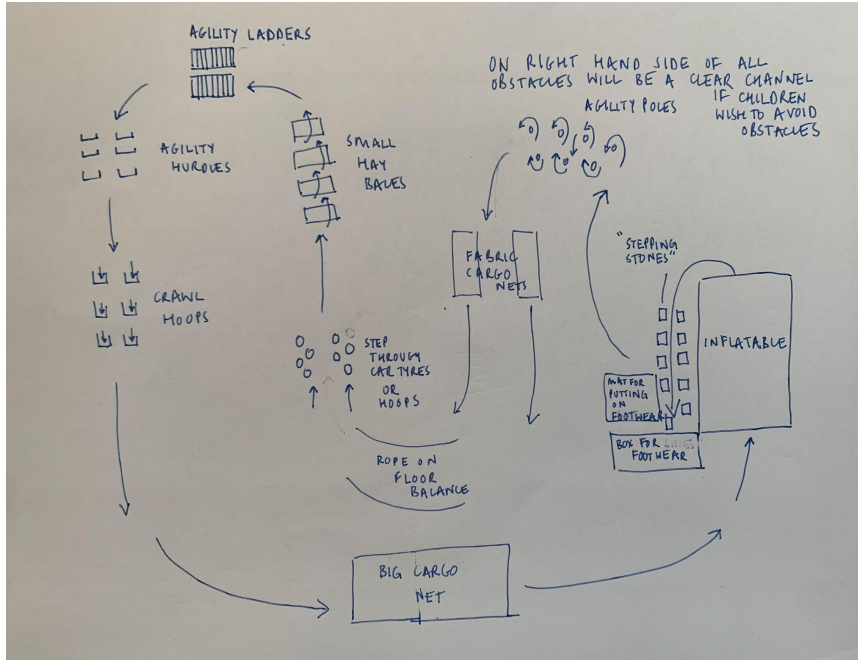

Toilets can be accessed in the main building across the car park. Please ensure all students are escorted to any toilet visit. School are responsible for their own refreshments and first aid requirements. We do have additional first aid kits if required. Students will not get wet during the obstacle run, but please come prepared whatever the weather as it is an outdoor event.
